RE: **Notice of Award to Mega Industries Corporation for Grand & Walnut Pedestrian Improvements**

PURPOSE

The attached ordinance authorizes the City Manager to execute an agreement with Mega Industries Corporation for the Grand Avenue and Walnut Street Improvements.

BACKGROUND

This project includes sidewalk along both sides of Walnut, south of Grand Avenue and pedestrian crossing improvements on the south side of Grand and east side of Walnut.

The City Council awarded the bid to Mega Industries Corporation as the low and best bid of $246,729.00, at the November 4, 2019 Meeting. Mega Industries Corporation has since submitted all the required documents necessary, including their executed agreement.

Funding for this project comes from STP grant monies. When the project was initially estimated for the budget it included a match cost to the city of approximately $46,000. Both construction and inspection have increased a bit over $30,000. The finance committee met and was able to find the additional funding, by using some of the money left over from the asphalt contract. We will not seek additional monies from MoDot for this project.

RECOMMENDATION

Our engineers, Transystems Engineering, have checked references, bonding capacity and other sources to verify Mega Industries Corporation, ability to complete this project and recommend execution of the agreement.
