MEMO

To: Mayor and City Council

From: Steve Rasmussen, City Manager

Date: April 15, 2019

Subject: Manager's Report

Strategic Planning Meeting. We are beginning to target Saturday June 8th as the day for our upcoming Council Planning Meeting. If anyone absolutely cannot make that day work, please let me know as soon as possible. .Our facilitator, the Mayor and the staff are available that day. We would very much like to have all of the other Council Members there as well.

Main Street Board. As the Main Street Board has now been established, we will organize a first meeting. Tim Wymes has done a good job of circulating draft bylaws for this committee's first consideration. We will keep the Council and the Public regularly updated on this committee's progress.

Senator Blunt Visit. Senator Blunt will be visiting Cameron on Tuesday, April 16 at 1:15 at the North West Missouri Electric Co-Op to discuss rural broadband. They have invited any of us to attend if we would like but ask for a list of who might be going. Please let Amy or me know so that we can so advise them.
